

Pupil Premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

At Windmill Hill Academy, we believe that Primary Education is an important stage in any child's life. Their experience at our school will lay the foundation for all their future learning and we strive to give every child the best start possible in their school careers. Our Mission Statement 'Inspiring Passionate Life-Long Learners' is at the heart of everything we do.

We are committed to this by developing our 'Learning Sails' with Pupils:

- Reflection

We ask all learners to give thought or consideration on their actions and learning.

- Self-awareness

We encourage self-awareness and having a conscious knowledge of one's own character, feelings and learning. We encourage learners to know where they are with their learning and their next steps.

- Curiosity

We inspire all learners to have strong desire to know or learn something, questioning their learning experiences to find out more.

- Resilience and Tenacity

We promote the capacity to recover quickly from difficulties or challenge. We encourage all to be very determined and show determination despite the challenge.

- Connect

We promote learning where connections can be made, where children can relate new and old learning.

Our pupil premium strategy plan is based on the needs of the pupils in our school in receipt of pupil premium funding alongside research conducted by the EEF. We ensure that data analysis and pupil's individual circumstances inform our planning.

Our school will:

Pupil Premium strategy statement

- Have a named Governor who leads on Disadvantaged children
- Strongly advocate excellent attendance and intervene early to address any barriers to attendance
- Raise aspirations
- Explicitly teach good learning behaviour and metacognition through Visible Learning
- Address financial and practical barriers to learning
- Ensure first quality teaching is adaptive and meets the needs of the learner
- Use evidence informed approaches to teaching to ensure all learners realise their full potential
- Ensure a wide Curriculum offer
- Prioritise every disadvantaged pupil for enriching academic and extra-curricular activities that will inspire them

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Low attainment in Writing
2	Low attainment in Maths
3	Progress for pupils working at a greater depth Greater Depth pupils who are eligible for Pupil Premium are not always making the same amount of progress as other greater depth pupils consistently in all year groups
4	Poor mental wealth in pupils in a number of pupils in receipt of pupil premium

Pupil Premium strategy statement

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Raise attainment of pp pupils in writing.	% of pupils attaining ARE is in line with non-pp pupils.
Raise attainment of pp pupils in maths.	% of pupils attaining ARE is in line with non-pp pupils.
Improve progress of higher attaining ARE in order for pp pupils to achieve GDS.	% of pp pupils achieving GDS is raised.
Restored mental wealth in our pupils by ensuring all pupils have a positive well-being and, as a result, the vast majority of pupils will meet/exceed national achievement benchmarks at the end of the academic year.	Positive feedback from TIS practitioner on emotional wellbeing. Positive pupil voice feedback.
