

Homework in KS2 involves independent learning. Each week the children choose one task centred on the concept block that we are studying as a school. How the children research or present their findings is entirely up to them. They can use computers, books, observation, questioning or experimenting; draw, paint, write or build. The only requests are that the work be carefully and attractively presented and that children don't copy out screens from books or the internet. Each week, classes will set time for sharing the homework. Your support while your child is carrying out their home learning is greatly appreciated but please do not be tempted to do it for them. The important things are that your child enjoys what they are doing, discovers something new and practises learning independently. The Children should also read daily, practise spellings from those sent home and the statutory list for Y3/4 (some may still be working on Y1/2 spellings for this term), and learn multiplication / division tables for Around The World Maths. There may also be a small amount of maths or English to complete. Thank you for your continued support!

These are activities for to choose from over the course of this concept block. Please bring it in on a Thursday and we will share them with the class.

A study of Launceston over the years.	Use photographs to find how Launceston has changed over the last 100 years.	Complete a fact file on the history of Launceston	Draw or paint your favourite part of Launceston.
	Have a walk around Launceston and find buildings and landmarks that have been there for more than 100 years.	Wildlife watch: Look in your garden to see the different types of animals that live or visit your garden.	Research what the growing population in Launceston has done to the green areas. How could Launceston lessen their carbon footprint?
English	Use the first 2 or 3 letters of a word to check its spelling in a dictionary and write the definition.	Write an adventure story based in Launceston.	Write a play script about the adventures of Sir Francis Drake.
Maths	Times tables up to 12 x 12. Use TT Rockstars if possible.	Division facts for times tables up to 12 x 12.	Around the world challenge sheets.

Make sure you are practising all of your times-tables for Around the world Maths and spellings. Enjoy!
